CoffeeBox20 – Mobile Barista Station for Premium Coffee Service

The **CoffeeBox20** is a fully equipped 20-foot mobile coffee station, designed for efficiency, flexibility, and professional beverage service in any environment. With a purpose-built layout for espresso preparation, refrigeration, and customer service, it provides a complete workspace for high-quality barista operations. Its plug-and-play configuration ensures fast deployment, operational safety, and full compliance with U.S. standards for electrical and sanitary installations.

Key Features

- **Professional Barista Setup** – Equipped with an espresso machine, grinder, and blender, offering a full barista-grade workflow for premium coffee and beverages.
- **Dedicated Coffee Counter** – Includes a 101.5" workstation with integrated display case and POS register for smooth service and product presentation.
- **Refrigeration & Storage** – Dual self-contained back bar refrigerators with stainless steel worktop, shelving, and standing cabinet for dry storage.
- **Food Preparation Equipment** – Features a panini grill, microwave, and electric countertop oven for light food service and warm beverages.
- **Warewashing System** – Includes a complete sink package with hand sink, 1-compartment sink with drainboard, and undercounter dishwasher for hygiene compliance.
- **Ventilation & Safety** – Built-in 36" extraction hood and LED lighting ensure proper airflow, visibility, and safety.
- **Water System** – Integrated with a 75-gallon freshwater tank, automatic pump, and filtration system for continuous operation.
- **Power Supply** – Operates on grid connection or generator, with optional solar-ready configuration for off-grid use.
- **Climate Control** – Air-conditioned workspace maintains comfort and consistent performance for baristas.
- **Plug-and-Play Design** – Fully transportable and ready to operate immediately upon connection of utilities.

Perfect for coffee festivals, resorts, corporate events, and pop-up cafés, the **CoffeeBox20** combines mobility, efficiency, and professional quality — offering a self-contained barista environment ready for service anywhere
